

DESCRIPTION

ALPHA MCO ENGINE FLUSH is an oil-based product used to completely cleanse the interior of motorcycle engines from sludge, gum, rust and varnish.

USAGE

For all motorcycle engines with or without wet clutch. Compatible with all mineral, semi synthetic or fully synthetic motor oils.

DIRECTION

1. Before changing oil, pour the contents of one bottle in the crank case of the warm engine.
2. Let the engine run for 15 minutes, alternatively at low and high rpm.
3. Drain the oil from the crank case.
4. Replace oil filter.
5. Refill crank case with recommended fresh motor oil.

DOSAGE

One 100mL bottle treats 4 litres of motor oil.

BENEFITS

- Internally cleans and flushes the engine with highly effective cleaning agents
- Eliminates gums, varnish, rust and sludge
- Easily removes contaminants like carbon deposits, soot and liquids (water and fuel)
- Reduces fuel consumption and exhaust emissions by restoring engine condition and enabling the fresh oil to perform optimally
